

Congratulations on your first purchase!

QUADRASTEP
SYSTEM®
Prefabricated Custom To Foot Type Orthotics

littleSTEPS®
foot orthotics for kids

You are just 6 simple **STEPS** away from a successful orthotics program!

STEP 1

Schedule your introductory training webinar with your **Nolaro24** sales representative to make sure you and your staff know how to properly select a foot type and an orthotic, and how to use your kit as a fitting tool.

STEP 2

Set up your brochure holders to make your customers aware of the benefits of using a **QUADRASTEP®** and/or **littleSTEPS®** orthotic. Display Signs (available on nolaro24.com) and posters throughout your office.

STEP 3

Add **Nolaro24** product graphics to your website to let your customers know that they can purchase **QUADRASTEP®** and/or **littleSTEPS®** orthotics from you. Include a link to our **Nolaro24** patient website so that they can get more in-depth information on the benefits of their orthotics.

STEP 4

Distribute Referral Sheets to your Referral Sources to inform them you are now dispensing **QUADRASTEP®** and/or **littleSTEPS®**. **Nolaro24** will customize these forms with your practice contact information on request.

STEP 5

Consider setting up an on-site foot screening clinic for **QUADRASTEP®** and/or **littleSTEPS®** foot orthotics to jump start your program. See our Clinic Solutions Pack on nolaro24.com for free guidelines and marketing materials.

STEP 6

Schedule a visit or webinar with your sales representative approximately 6 months after your initial purchase for a refresher your **Nolaro24** products and to develop a strategy for reorder sales to your customers.

Don't forget, we are here to help you every **STEP** of the way!

NOLARO24™
LLC
the alternative to custom orthotics
